1 Introduction

This document comprises the first annual Compliance Tracking Report for the operational phase of the White Bay Passenger Terminal.

The report has been prepared to address Condition of Approval B38 of the Project Approval, and section 2.3 of the approved Compliance Tracking Program dated October 2011.

The report covers the first year of operations at the Terminal, from 15 April 2013 (the arrival of the first cruise ship) to 14 April 2014.

The report contains a summary of the conditions of approval for the project relevant to the operation of the Terminal, and provides details of how each condition has been complied with for the first year.

The details are contained in the Appendix attached to this report.
