1 General Trade Terms

This document outlines Port Authority of New South Wales (Port Authority) Schedule of Port Charges, providing reference to applicable statutes, regulations and internal rules.

This is in accordance with section 62 (2) of the *Ports and Maritime Administration Act 1995*, which contains Government Policy as approved by the NSW Cabinet on 28 November 2011, and is consistent with the Premier's letter dated 26 June 2012 and 11 October 2012, and also the Minister for Roads and Ports' approval, dated 1 November 2012 and 3 December 2012.

Across all its six port locations, statutory charges are applied in accordance with the *Ports and Maritime Administration Act 1995* and the *Ports and Maritime Administration Regulation 2012*.

Port Authority's payment terms vary across locations from date of provision of service.

2 Port Charges across Port Authority of New South Wales

Applicable charges managed by Port Authority include Navigation, Pilotage, Site Occupation, Wharfage and Miscellaneous. These charges are different in each port and are levied to all commercial vessels, including cargo and passenger vessels, piloted finishing vessels, research vessels and piloted tugs.

Below is a summary of the applicability of each of these charges in relation to the port location.

PORT LOCATION	APPLICABLE CHARGES
Sydney Harbour	Navigation, Pilotage, Site Occupation, Wharfage and Miscellaneous
Port Botany	Navigation and Pilotage
Newcastle Port	Pilotage
Port Kembla	Pilotage
Port of Eden	Navigation, Pilotage, Site Occupation, Wharfage and Miscellaneous
Port of Yamba	Navigation, Pilotage, Site Occupation, Wharfage and Miscellaneous

In the ports of Botany, Newcastle and Port Kembla there are private entities that charge several tariffs, which are different to the presented above. If you wish to access to any of these, please see below details:

For Wharfage and Site Occupation Charges at Port Botany, please contact [NSW Ports](#).

For Navigation, Wharfage and Site Occupation Charges at Newcastle, please contact [Port of Newcastle](#).

For Navigation, Wharfage and Site Occupation Charges at Port Kembla, please contact [NSW Ports](#).

2.1 Sydney Harbour

Navigation Services Charge

CHARGE	CHARGE PRINCIPLE	CALCULATION
Navigation Services Charge	Charge levied to ensure safe navigation of vessels through Sydney Harbour and for the provision of various services such as: Navigation Aids, Emergency Response and Port Operations, among others	[Rate per Vessel Gross Tonnage x Port Entry]

Rate per GT, per Port Entry			
Navigation Type Charge	GST exclusive	GST	GST inclusive
Standard Navigation	\$0.5635	\$0.0564	\$0.6199
Bulk Liquids & Gas Vessels	\$0.6247	\$0.0625	\$0.6872

Site Occupation Charge

Passenger Vessels

CHARGE	CHARGE PRINCIPLE	CALCULATION
Site Occupation for Passenger Vessels	Charge levied in reference to both the number of incoming passengers arriving on the cruise vessel at any of the dedicated or non-dedicated passenger berths, and the amount of time for which the site was reserved or occupied by such cruise vessel	[Rate per Passenger x Slot x Total Chargeable Incoming Passengers]

Rate per Passenger, per Slot			
Site Occupancy Type Charge	GST exclusive	GST	GST inclusive
At Dedicated Passenger Berths (OPT, WBCT)	\$35.00 ⁽¹⁾	\$3.50	\$38.50
At Non-Dedicated Passenger Berths (WB4)	\$17.50 ⁽¹⁾	\$1.75	\$19.25
Hourly Rate			
Site Occupancy Type Charge	GST exclusive	GST	GST inclusive
At Non-Passenger Berths (Glebe Island 1, 2, 7 & 8; White Bay 3)	\$126.02	\$12.60	\$138.62
Lay-Up ⁽²⁾	\$37.80	\$3.78	\$41.58

(1) Commences on 1 August 2017

(2) Pre-approval is required at the time of booking the vessel

The Site Occupation for Passenger Vessels was first introduced in July 2013 and it is based on the actual number of incoming passenger as recorded in the ship's [Inward Passenger Manifest Declaration](#) per [Slot](#). It is applicable to all cruise ships, regardless of whether they are "[in Transit](#)" or if they are "[Turn-Around](#)".

Please, refer to the [Glossary](#) section at the end of this document to obtain further details and definitions.

Price Variations

A Lay-Up rate only applies in unforeseen circumstances where a vessel needs to undergo emergency maintenance or cannot otherwise carry out normal cargo transfer operations due to an unexpected event. Written notification must be provided to Port Authority's General Property and Commercial on mbaudINETTE@portauthorITyNSW.com.au of the intention to use a berth for a lay-up purposes. Berth allocation for lay-up is at discretion of the Harbour Master.

The Site Occupation for Passenger Vessels is framed around the following set of rules:

Timeframe

The Site Occupation Charge for Passenger Vessels is charged once per slot for all cruise ships utilising either the dedicated or non-dedicated passenger berths in Sydney Harbour. If a cruise ship stays at berth for more than 24 hours it will be charged Site Occupation again for the additional slot, and so on.

Minimum charge

The Site Occupation Charge for Passenger Vessels is also based on a minimum of 1,200 passengers per cruise vessel, except for the vessels with a stated passenger capacity of less than 200 passengers.

The Minimum Charge will also be applied in the instances in which an empty cruise vessel arrives at a passenger berth ready to have passengers embarked for its new destination.

Passenger Age

The Site Occupation Charge for Passenger Vessels does not apply for infant passengers (i.e. two years old or under).

Passenger Type

The Site Occupation Charge for Passenger Vessels is based on the incoming passenger number, as recorded in the ship's

Inward Passenger Manifest Declaration. The ship's crew and all non-revenue passengers are excluded from this charge.

Non-revenue passengers are restricted to all temporary staff of the vessel only, such as: entertainers and hospitality staff only.

Any other temporary passengers on promotional or activities will be charged the Site Occupation Charge for Passenger Vessels.

Berth Location

The Site Occupation for Passenger Vessels is applicable at individual dedicated and non-dedicated passenger berth in its own right, and not based on grouping by the berth attributes.

Bookings

At the time of booking, a cruise line must only nominate either of the two dedicated passenger terminals: Overseas Passenger Terminal (OPT) or White Bay Cruise Terminal (WBCT). Requests for other non-dedicated passenger berths (White Bay 4), non-passenger berths (e.g. Glebe Island 1) or mooring buoys (Point Piper, Athol Buoy) will not be accepted if one of the dedicated passenger terminals is available.

Passenger Processing

In the event where a cruise vessel is berthed at a non-dedicated passenger berth (White Bay 4), at a non-passenger berth (e.g. Glebe Island 1) or at a mooring buoy (Point Piper, Athol Buoy) and its passengers are processed at either OPT or WBCT, the Site Occupation Charge applicable to that terminal will be used.

Passenger Data Requirement

The Cruise Line/Principal Agent is to provide Port Authority of New South Wales with the inward passenger number details between 48 hours prior to ship arrival and the time of ship departure. If the information is not provided within the agreed time frame, an extra 10% on top of the stated passenger capacity of each cruise vessel (i.e. 110% of capacity) will be used for billing purposes.

The stated passenger capacity of each cruise vessel is recorded in the ship's International Tonnage Certificate (ITC).

All passenger vessels also incur Miscellaneous Charges, as per appropriate usage.

Miscellaneous Charges	GST exclusive	GST	GST inclusive
Security	Recoverable	-	-
Cleaning - Overseas Passenger Terminal	\$560.68	\$56.07	\$616.75

Example 2: 70,000 GT	\$1,550.45	TIER I, TIER II, TIER II, TIER IV	Dyke
Calculation	$\$1,550.45 + [806.57 + ((34,000-8,000)*\$0.0250) + ((55,000-34,000)*\$0.0371) + ((70,000-55,000)*\$0.0139)]*1.20 =$ \$4,483.45		

Location Sectors

Newcastle is a river port located approximately 10k away from the ocean to its farthest navigable point. For this reason, pilotage charges in Newcastle have a multiplier value based on the location of the berth across the river, which reflects both the distance a pilot needs to travel and the time a pilot is required when boarding into a vessel.

Below are the location sectors with their respective berth codes and location values.

LOCATION SECTORS		LOCATION MULTIPLIER
Entrance	T1, TB, QW	0.50
West Basin	CAR, E1, E2, W3, W4, SP	1.00

4 Annex 1

Other Pilotage Charges - Sydney Harbour & Botany Bay Annex 1

Anchorage

An Anchorage charge applies to a piloted arrival or departure movement from/to the following locations: Bank Anchorage 1 and Bank Anchorage 2.

Deferral Inward

A Deferral Inward charge is applicable when a "booked and confirmed" inward movement is delayed or cancelled at late notice by circumstances that the vessel/master or agent could not reasonably foresee. In this instance, "late notice" means within two hours of the confirmed booking time.

A Deferral Inward charge will also apply if the vessel does not attend the Pilot Boarding Ground (either at Port Botany or Sydney Harbour) within 30 minutes of the booked movement time, causing a delay in the pilot boarding the vessel.

Harbour Removal

A Harbour Removal charge refers to a piloted movement from one berth to another berth within the same port.

Assisting Pilot on Board

An Assisting Pilot may be allocated for specialised movements, vessels with restricted visibility and for movements into Kurnell 3. The Assisting Pilot is charged at the Pilot Stays On Board rate, although it does not apply to any Deferral charges.

Deferral Outward

A Deferral Outward charge applies where a pilot has proceeded to or boards a vessel for a removal or departure, however the movement time is amended to a later time or cancelled.

It also applies where a departure booking time changes within two hours of the confirmed booking time, and if the vessel is not ready to sail within 30 minutes of the booked movement time, causing the pilot to be retained until departure.

Master Audit

A Master Audit (In/Out) charge applies when an Exempt Master requires a "Check Audit Pilot" to assess their practical ship handling skills. Master Audit are for authorised movements only.

A Master Audit charge is not applicable on Harbour Removal unless specifically approved by the Harbour Master during exceptional circumstances.

If an audited movement is delayed by 30 minutes or more, then a Deferral Inward (arrival) or Outward (departure or removal) charge will be applied. Note: An applicant attempting to obtain a Pilotage Exemption or an Exempt Master without a valid certificate pays the full Pilotage charge.

Pilot Stays on Board

A Pilot Stays on Board charge applies where a pilot is requested or instructed to stay on board a vessel on any movement type (arrival, departure or removal). An hourly rate is applied.

The pilot may be requested to stay on board in circumstances such as a specialised operation, compass swing, a hampered vessel, during times of adverse weather, engine failure or reduced capacity, or if a vessel is not adequately secured or for safety purposes.

If a pilot is requested to stay on board beyond 30 minutes from the confirmed movement time, then a Pilot Stays On Board charge may also be applicable.

The Pilot Stays On Board charge does not apply to any Deferral charges.

A minimum charge of one hour will apply where a pilot stays on board for less than an hour. For over an hour, the charge is calculated to the nearest 15 minutes.

Boarding Fee

A Boarding Fee applies each time the Main Pilot boards the vessel. If an Assisting Pilot also boards, then only one Boarding Fee is applicable.

If a vessel transits from/to Sydney Harbour or to/from Botany Bay, two Boarding Fees apply regardless whether a pilot remained on board under any circumstances. The Boarding Fee does not apply to any Deferral charges.

Glossary

Cleaning Services at Sydney Harbour's Passenger Berths

On a ship day, cleaning services are carried out by Port Authority's cleaning contractor at the terminal site. Cleaning personnel are on site from 0700 to 1700 hours to provide roaming cleaning of the terminal, rubbish management and supply of amenities to restrooms. Cleaning personnel are also responsible for cleaning external areas such as: coach bay, car park and pedestrian walkways within the precinct.

Gangway Hire at Sydney's Harbour Passenger Berths

Port Authority's shore gangways can only be utilised by vessels that have been assessed and approved. Standard hours for the connection of Port Authority's shore gangway is 0600 to 2000 hours. If a gangway is required to remain connected outside these hours, a charge will apply (please, refer to **Miscellaneous Charges for Passenger Vessels** for price details).

Lay-Up

Rate applicable in unforeseen circumstances only where a vessel needs to undergo emergency maintenance or cannot otherwise carry out normal cargo transfer operations due to an unexpected event. Written notification must be provided to the *General Manager, Property & Commercial*, of the intention to use a berth for lay-up purposes. Berth allocation for lay-up is at discretion of the Harbour Master.

Mooring Fee

A vessel is taken to be moored if its is secured to or otherwise held on a buoy, or if it is one of a number of vessels secured to or otherwise held together on a buoy. It is calculated on the total time that a vessel occupies a mooring, from vessel tie-up time until vessel departure, and it is applicable on hourly periods, rounded to the nearest 15 minutes. The minimum applicable site occupancy rate for mooring is one hour.

Revenue Tonne

A Revenue Tonne is the greater of mass volume measured in units of tonnes, cubic metres or kilolitres.

Security Charges at Sydney Harbour's Passenger Berths

On a cruise ship day, security services are carried out by Port Authority's security provider in accordance with the *Maritime Transport and Offshore Facilities Security Act 2003*. Duties which are undertaken by the security provider include: patrolling access to the facility, supervising passengers at the terminal precinct, screening of all unaccompanied baggage and the monitoring of cargo and stores delivered to the ship.

Slot

An allocated time between the arrival and departure of a cruise vessel at a passenger berth up to 24 hours. It is applicable to all cruise ships, regardless of whether they are "in Transit" or if they are "Turn-Around"

Vessel - In Transit

Refers to a cruise/passenger vessel which has some of its incoming passengers disembark on a temporary basis before returning to the vessel to sail onto another location.

Vessel - Turn Around

Refers to a cruise/passenger vessel which has all its incoming passengers disembark at the end of the trip before it embarks new passengers.
